RICHMOND, Ind., Dec. 14.-Earlham College athletes are much disappointed in the outcome of the meeting of the Indiana College Athletic League at Indianapolis last Saturday. The Quakers wanted to see De Pauw admitted to membership, but all the other schools were opposed. They objected because they claimed they could not get along with De Pauw. Rose Polytechnic has declared all athletic relations with the Methodists off, and refuses to meet them in any event. Wabash has also marked De Pauw off her list because she is hard to get along with. Earlham will try to get a dual meet with De Pauw. The report of the officials was, as a whole, very satisfactreasury. Earlham was formally awarded the championship in football. The standing was as follows:

"Jimmy" Collins, captain of the Boston

American League team, is one of the men with whom the Purdue baseball manage-

ment has had correspondence. It is quite

possible that his services will be obtained

a baseball team before and plays a strong game himself. The schedule this coming

season, Captain Cook says, will include

Earlham ......3 Wabash .....

Wabash was much opposed to awarding the championship to Earlham, but could give no good reason for her stand. Earl-ham has a clear title, and a majority of the members of the league were willing to recognize her victory. On the day preceding the track meet a tennis tournament will be held, in which every school in the league is expected to take part. Basketball was taken under the management of the league, but no binding schedule was adopted.

Cutts has coached a baseball team before and plays a strong. time characterizes the report as a lie. Herrman's dissatisfaction with the National League is due to the fact that after putting \$271,000 into baseball last year, his club made less than \$10,000. Herrman paid \$140,000 to Brush, put up \$70,000 for improvegames with all the larger colleges played last year, but several of the smaller teams ments and new players, invested \$50,000 in the Philadelphia club and handed over \$11,000 will be dropped because of the fact that the association lost money on the unimto the Robinsons to help St. Louis meet the breakers. According to the best information obtainable, Herrmann does not see how

\$10,000 in the last two years, and Conant does not believe in fighting against a stone wall. Soden says that he will go on until the club has dropped all of its earnings of recent years. Robison, of St. Louis, it is understood, has made a final request for help from the other magnates, and if it is not forthcoming he will throw up his hands. Robison is still in town, evidently waiting for an answer.

President Johnson, of the American League, before leaving for the West, said: "The American League is not in favor of a twelve club circuit and stands for two organizations. The report that several National League men want to consolidate surprises me. We are in fine shape and see no reason why we should not continue as we have in the past. There is \$60,000 in the American League's treasury and three clubs alone, Boston, Cleveland and Philadelphia, made more than \$50,000 last season. I have secured new owners for the Washington club, men of wealth and national reputation, whose names will be made public at our meeting in Chicago next Thursday. The deal for the transfer of stock in the Detroit club hangs fire. Mr. Angus, the chief owner, is here, but I have not been able to see him this trip. Mr. Farrell tells me that the prospects of the New York Americans are orighter than ever, that the subway will be

Basketball seems to have taken a great hold upon Training School, as all the 'frats' and even the sororities are forming teams. The Manchus, Ran-Cheros, Toreadors and Tribunes have organized fairly good squads. The Tredecimites and Walkuren, two sororities of the June, 1904, class, will play a match game in a few weeks. A Room B girls' team has also been formed.

The greatest interest of all centers in the Ran-Chero-Manchu game, which will be played during the holidays, most probably at the Y. M. C. A. Both of these "frats" have members on the official school team and the contest will be a hard one. The

"Pittsburg is in the National League to stay and will never join any organization of which Ban Johnson is president. I'll admit that I've discussed baseball, and particularly the financial status of the National League, with Garry Herrmann, of Cincinnati, but he never mentioned to me the idea of taking our clubs over to the American League. He and I are close friends, and we agreed some time ago to stand together. I am sure that Garry will not make a move without consulting me. The National League is the best, and I ex-

Frank Farrell informed Johnson before leaving that the New York Americans would file a protest at this week's meeting against the signing of Second Baseman Mullen, of Manhattan College, by the Philadelphia Athletics. Farrell says that the New Yorks had agreed upon terms with Mullen when Connie Mack came to town and made Mullen a larger offer, which was accepted. When asked if he expected to
